## **RESUMEN**

En el siguiente trabajo podrán presenciar las dos composiciones que se realizaron para musicalizar dos cortometrajes extraídos de la página web *The Cue Tube* : Spring y Volcano. En estas dos composiciones se han experimentado diferentes percepciones de la música, y estas se reflejan en la instrumentación, estilo y técnicas que se han usado para sonorizar cada una de las escenas. En este trabajo se busca poner en práctica todos los conocimientos que se han adquirido durante estos cuatro años de carrera universitaria, jugando con la creatividad, explorando ideas y aprendiendo a apreciar la música como potenciadora de otros artes, en este caso, el cine.

**Palabras clave:** Film Scoring, Composición Musical, Exploración, Sonoridad, Cortometraje.

## ABSTRACT

In the following work you will be able to see the two compositions that were made to musicalize two short films taken from The Cue Tube website: Spring and Volcano. In these two compositions different perceptions of music have been experienced, and these are reflected in the instrumentation, style and techniques that have been used to sound each of the scenes. This work seeks to put into practice all the knowledge that has been acquired during these four years of university studies, playing with creativity, exploring ideas and learning to appreciate music as an enhancer of other arts, in this case, cinema.

**Keywords:** Film Scoring, Musical Composition, Exploration, Sonority, Short film.

## INTRODUCCIÓN

Siempre he creído que la música tiene el poder de conectar con las personas de una manera revolucionaria, tiene el poder de expresar aquello que no se puede con palabras, conectar con nuestra parte más interna y vulnerable como personas y sobre todo, intensificar las emociones que golpean en nuestro interior.

Pienso que las escenas de cine no serían las mismas sin música, pues si bien funcionan por su cuenta, tengo la certeza de que no tendrían el mismo impacto en la audiencia que cuando se acompañan de las melodías, armonías y conceptos que tiene una pieza musical para acompañarlas, es ahí de donde saqué mis primeras ideas para las estas composiciones.

Quería apoyar la imagen de los cortometrajes, pero al mismo tiempo quería darles un sentido más profundo, y es por eso que empecé a experimentar con melodías, conceptos, colores e instrumentos que reflejen lo que soy como compositora, pero que al mismo tiempo mantengan la esencia de ambas escenas.

Fue un camino hermoso el que he recorrido durante estos cuatro años de carrera universitaria, tanto en el ámbito académico como en el personal, he adquirido diferentes conocimientos musicales que me permiten ser la compositora que soy ahora, he aprendido cómo desenvolverme en el ámbito profesional y sobre todo, he aprendido a reconocer cuál es mi pasión.

El siguiente trabajo refleja las técnicas y los conceptos que he logrado desarrollar como esudiante de Composición para Medios Contemporáneos y además, todas mis ideas, percepciones y pensamientos que se han hecho tangibles a través de lo que más amo, la música.

## CONCLUSIONES

Sin duda este proyecto ha sido de los mayores desafíos a los que me he enfrentado durante mi carrera universitaria, y estoy segura que por la misma razón, este trabajo será una de mis mejores herramientas en mis futuros retos como compositora.

Este camino apenas empieza y me alegra poder haber experimentado todas las etapas de componer para cortometrajes en mi último semestre, sentir alegría, frustración, impotencia, nostalgia e intentar canalizarlas a través de la música no tiene punto de comparación, las escenas que se encuentran en este trabajo son la prueba de lo que he expresado.

Utilizar cada conocimiento musical que he ido recolectando y desarrollando desde mi primer semestre y tener retroalimentación valiosa de mis profesores me han demostrado a mí misma todo lo que he avanzado y todo el camino que me queda por recorrer.

Me voy satisfecha con los conocimientos que el Colegio de Música de la Universidad San Francisco de Quito me ha dado, agradecida con mis amigas, amigos, profesores y cada una de las personas que se han cruzado en mi camino, enseñándome siempre a ser mejor música, cantante, percusionista, compositora y persona.
